**Verification Technology**

$\models$

Systems   **Applications**

Summer School
on Verification Technology,
Systems & Applications

Software Verification by Solving Horn Clauses.
Nikolaj Bjorner

Symbolic Computation and Theorem Proving in Program Analysis.
Laura Kovács

A Survey of Program Termination:
Practical and Theoretical Challenges.
Joel Ouaknine

Scalable Multi-core Model Checking:
Technology & Applications of Brute Force.
Jaco van de Pol

Model Checking of Fault-Tolerant Distributed Algorithms.
Helmut Veith

October 27-31, 2014
University of Luxembourg

Application Deadline: 2014/09/05
Notification: 2014/09/12
